SPECIAL NOTICE.

QUIT DRINKING POISONOUS LIQUORS: PATENT IMPROVED PROCESS for making all kinds of Liquors and Vinegar instantly by the use of

Lacour's Essential Oils.

These Oils are obtained by Distillation at the Chemical Laboratory, Parish of Jefferson, of Pierre Lacour, author of Lacour's Chemical Analysis, Lacour's Chemical Manipulations, Lacour on the Manufacture of Liquors, &c.

Purchasers are particularly requested to return the flasks and obtain their money, if the Oil does not give perfect satisfaction.

Lacour's Oil of Cognac converts neutral spirit into a superior imitation of Imported Brandy, viz: Otard, Sazac, Marett Cognac, Poultney, Selmet, United Vineyard Proprietors, Castillon and London Dock Brandy. These liquors will have a full fruity flavor and a beautiful, sparkling color. Common Rectified Whisky will be changed by the use of the Oil of Cognac to New York Brandy, Pine Apple Brandy, common Cognac Brandy, &c.

Lacour's Oil of Rye changes Rectified Whisky to Monongahela Rye Whisky, Old Virginia Malt Whisky, Bourbon Whisky, &c.

Oil of Cedrat changes common Rectified Whisky to Old Irish Malt Whisky, and a superior article of Scotch Whisky.

Oil of Peach changes common Whisky to Virginia Peach Brandy, &c. Oil of Peach and Oil of Cognac will convert common Whisky to Apple Brandy.

Oil of Gin converts the poorest Whisky to Holland Gin, Schiedam Schnapps, Rose Gin, Swan Gin, English Gin, &c.

Lacour's Concentrated Acid will, in five hours after being mixed, change five gallons of good Vinegar and twenty-five gallons of water to thirty gallons of the most acid Vinegar that can be found in the market. By the use of Lacour's Concentrated Acid, vinegar can be made for one dollar and sixty cents per barrel.

For making Liquors Lacour's Oils require no preparation—only pour the oil into the whisky and shake well. The liquors thus made will have a fine natural aroma, a full, rich, oily taste; a beautiful transparent color and a fine bead. Lacour's Oils exert three distinct properties in converting common whisky to brandy, gin, &c. The first property combines with and subsides in the form of flocculent particles the whole of the grain oil (Amylic Alcohol) The whisky is thus deprived of that peculiar irritating and burning taste, and becomes a neutral spirit; the second property consists in an oily mucilaginous taste imparted to the liquor, which renders it mellow, and imparts an appearance of great age; the third property is exhibited in the rich vinous, nutty odor that is imparted to the liquor, which renders distinction from the genuine brands impossible.

These oils are put up in quart flasks; each flask contains sufficient oil for making three hundred gallons of liquor. Full and comprehensive directions accompany the bottles. Price, \$2 per bottle.

For sale at the corner of St. Charles and Poydras streets, New Orleans.

One bottle of these oils, five in number, will be securely packed and shipped, with bill of lading, to any part of the country, upon the receipt of \$10, to the address of P. LACOUR, New Orleans.

Purchasers are requested, as a guarantee of good faith, to furnish us the name of any house in New Orleans, and we will ship them a package of the Oils. If they do not perform all that is claimed for them, they will cost nothing. 44-1y

Notice to Liquor Dealers and Merchants.

A COMPLETE assortment of the Oils necessary for making and flavoring every variety of liquor, and directions for making Cider without apples, and for converting the Cider to all kinds of white and red Wines, Champagne, &c., and a package of the articles used for giving ARTIFICIAL STRENGTH to liquors (converting 70 gallons of Whisky to 100 gallons) and every article necessary to commence a LIQUOR STORE, will be furnished for \$25. Also, all the information necessary to conduct such an establishment, thus enabling the new beginner to successfully compete with the oldest liquor dealers. Address through the Post Office, P. Sir: Having undertaken to solicit funds for the erection of a Marine Telegraph on "Telegraph Hill," I have succeeded in raising an amount sufficient to complete the same, and the telegraph is now in working order.

| W. Field, | 10 | Total, | \$465 |

I have also to acknowledge the valuable donation of a pole seventy feet in length from the government, and valuable material from Capt. T. Spencer.

I have paid the following bills:

| | |
|--|--------|
| M'Ginnis, for hauling water, | \$5 00 |
| Belcher & Clark, for shingles, | 20 00 |
| Metcalf, for hauling stone, lumber, &c., | 50 00 |

| Emmes & Johnson, for rigging, setting pole, &c | 92 45 |
| Polynesian office, for printing signal cards, | 20 00 |

Total, \$387 45

Leaving a balance in my hands, provided all the subscriptions are paid, of \$77 55, to be appropriated to the payment of wages to the operator at "Telegraph Hill," at the rate of \$15 per month, and a boy on the look-out on the Post Office to answer his signals.

I do not consider the Post Office building as the most desirably located building in town for an observatory, but know of no other on which the pole could have been erected. The telegraph has cost more than was anticipated, from the great expense attendant upon getting material upon the ground and loss of time to workmen in going and returning. J. JACKSON. Honolulu, June 17, 1857.
